

General Pediatricians Needed

In need of **adventurous pediatricians** who wish to work with a diverse population in a community hospital serving the beautiful Pacific island of Saipan in the Northern Mariana Islands.

The Positions

- We currently have openings for **Inpatient and Outpatient pediatricians** (or MD/DOs willing to do both)
- **Permanent contracts (1 year or more) preferred**, but will consider locums for 3–11 months. **New graduates are welcome to apply.**
- Must have completed a pediatric residency, PALS/NRP, and be BC/BE

Clinical Duties

- Inpatient service covers call and the daily management of NICU, nursery and the pediatrics floor patients, as well as the rare pediatric ICU patient
- Clinic providers see a broad range of patients, including some with complex medical problems
- **30-minute appointments** for regular patients, **1 hour** for complicated patients
- No peds subspecialists on island, but we have a close working relationship with a major referral hospital which accepts transfers and gives management advice
- Specialist support from general surgery, orthopedics, ENT, OB/Gyn, anesthesia, and respiratory therapy
- In-house lab, blood bank and radiology (US, CT, general radiology)

Benefits

- Paid travel to and from Saipan
- Compressed work week to maximize work-life balance
- International setting, but English is the official language; all providers are US trained
- **Salary \$190,000**, with a significant tax break for those living in Saipan 6 months or more
- Automatic comprehensive malpractice coverage as a government employee
- Permanent contracts come with health insurance, dental and vision coverage; retirement plans with employee matching contributions; and paid vacation leave and sick leave
- Tropical island location means work and beaches are never far. Water sports and hiking are popular pastimes
- Direct flights to Seoul, Tokyo, and Manila, allowing for easy off-island travel, or visiting family in China, Japan, or the Philippines
