Child, Adolescent & General Psychiatrists

Come join our dedicated team in providing **high-quality mental health care** in a rural, underserved tropical Pacific U.S. territory. Join us for variety, community, and adventure.

Who We Are

- The Department of Psychiatry is composed of **board-certified Adult and Child and Adolescent psychiatrists** and a clinical psychologist
- Some hold additional subspecialty certifications as well

The Work

- An eclectic mix of **outpatient, inpatient, and consultation** service to the hospital and the community
- Outpatient evaluations: **60 minutes** (90 for child cases); follow-ups **30–60 minutes** — time for individual, family, and cultural issues
- Locked inpatient adult unit: **10 beds**; children/adolescents managed collaboratively with Pediatrics on their unit
- Hospital length of stay is determined clinically — not driven by insurance demands
- The on-call psychiatrist is available for consultations to the Emergency Department and other clinical services

The Schedule

- The on-call schedule is shared equally between psychiatrists
- **7 days on call** followed by **7 days off**
- The following week(s) are exclusively outpatient clinic
